Comparative Biochemistry (COMPBIO)

COMPBIO 294 Comparative Biochemistry Seminar 1 Unit
Department: Comparative Biochemistry
Course level: Graduate
Term course may be offered: Fall
Grading: Offered for satisfactory/unsatisfactory grade only.
Hours and format: 1 hour of Seminar per week for 15 weeks.
The objective of this course is to provide an overview of the research activities conducted by faculty members of the Graduate Group in Comparative Biochemistry. The lectures will cover a wide range of interdisciplinary research topics reflecting the breadth of the Group. An important goal of this course is to enhance intellectual and collaborative interactions between students and faculty of the Graduate Group by increasing awareness of the range of research projects. The course will be conducted in a seminar format and is required for students new to the Graduate Group. It is also recommended for advanced students currently in the Group.
Course may be repeated for credit. Course may be repeated for credit when topic changes.

COMPBIO 299 Graduate Research 1 - 12 Units
Department: Comparative Biochemistry
Course level: Graduate
Terms course may be offered: Fall, spring and summer
Grading: Letter grade.
Hours and format: 3 hours of research/laboratory per week per unit.
Prerequisites: Graduate standing in the Comparative Biochemistry Graduate Group.
Graduate student research.
Course may be repeated for credit. Course may be repeated for credit when topic changes.
