Comparative Biochemistry (COMPBIO)

Courses

COMPBIO 294 Comparative Biochemistry Seminar 1 Unit
Terms offered: Fall 2018, Fall 2017, Fall 2016
The objective of this course is to provide an overview of the research activities conducted by faculty members of the Graduate Group in Comparative Biochemistry. The lectures will cover a wide range of interdisciplinary research topics reflecting the breadth of the Group. An important goal of this course is to enhance intellectual and collaborative interactions between students and faculty of the Graduate Group by increasing awareness of the range of research projects. The course will be conducted in a seminar format and is required for students new to the Graduate Group. It is also recommended for advanced students currently in the Group.
