Dutch Studies

The Designated Emphasis (DE) in Dutch Studies provides curricular and research resources for students who want to concentrate on Dutch Studies within their respective disciplines and have their work formally recognized in their degree designation. Designed to bring together faculty and students from different departments, the DE will be administered by the Graduate Group in Dutch Studies and will provide a unique context for rigorous cross-disciplinary research. Sponsoring departments include German, History, History of Art, Southeast Asian Studies, African-American Studies, Comparative Literature, French, and Sociology. However, the DE is open to interested students regardless of whether their home department is officially affiliated with the DE. The program will help advance Berkeley’s position as America’s leading Dutch studies program and facilitate research in and cooperation with other universities in the Netherlands, Belgium, South Africa, Indonesia, and the Caribbean, for example, who also have strong Dutch studies programs. Students applying to the DE must be prepared to integrate high-level research in Dutch studies into their coursework, qualifying exam and dissertation.

To be admitted to the Designated Emphasis in Development Engineering, an applicant must already be accepted into a PhD program at the University of California, Berkeley. For further information regarding the Graduate Division’s Admissions website (http://grad.berkeley.edu/admissions/).

Students are required to fill out a form requesting admission, listing their prior preparation in the field, and their projected pathway through the program. In addition, they have to submit a brief essay stating interests and reasons for applying, a CV, a writing sample, and a letter of recommendation from a faculty member in the student’s home department indicating why and how the student would benefit from the DE.

Students must be admitted to the DE prior to taking their qualifying exams. Admission will be determined on the basis of how coherently and logically the student can articulate the value of the DE for her/his larger course of study and career goals, as well as on the quality of the written work.

1 Students who already possess a basic knowledge of Dutch can apply for dispensation of this requirement. In order to do so, their knowledge of Dutch has to be examined and officially acknowledged in a letter written by a member of the Dutch Studies Program in the Department of German.

2 This course will serve as the integrative course for the program regarding methodology and research skills. The student needs to write a 7000-word article to complete the course, using a bibliography that includes Dutch studies materials. The ultimate goal is to elaborate an article in close cooperation with the supervising faculty member(s) that can be published in an academic journal in the field of Dutch studies (such as Dutch Crossing, Journal of Dutch Literature, or The Low Countries), or any other academic journal.

3 Students may petition for a course not on this established list if approved by the advising committee.

4 One of the two-course electives can be fulfilled by repeating DUTCH 299, under the condition that the topic of this course changes.
