Business Administration

Bachelor of Science (BS)

Students who earn a Bachelor of Science degree from the Haas School of Business Undergraduate Program possess the knowledge and technical skills necessary to understand the modern business world, to achieve the highest levels of success in their professional careers, and to prepare for subsequent graduate work. Coursework is fully integrated with the University’s liberal arts curriculum, resulting in graduates who are able to draw upon their knowledge of the arts and sciences as well as business in their endeavors.

Admission to the Major

The highly competitive Haas Undergraduate Program offers a BS in Business Administration. Students interested in applying can choose one of the following pathways:

Global Management Program (GMP)
The selective Global Management Program blends rigorous business and general education with broad cultural understanding, preparing students to lead in financial services, communications, social sector solutions, foreign affairs, management consulting, and more.

Study in the four-year program begins in the summer with orientation and courses at UC Berkeley and includes the Berkeley Global Edge experience as a mandatory component—completed in fall of freshman year.

The program is only open to freshmen during the UC application period.

For further information, please see the GMP web site (http://haas.berkeley.edu/Undergrad/gmp.html)

Management, Entrepreneurship & Technology (M.E.T.)
The selective Management, Entrepreneurship, & Technology program at the Haas School of Business (http://www.haas.berkeley.edu) and the College of Engineering (http://engineering.berkeley.edu) at Berkeley is a fully integrated, two-degree program. In four years, students earn a full Bachelor of Science degree in Business from Berkeley Haas and choice of a Bachelor of Science degree in Electrical Engineering & Computer Sciences (EECS), Industrial Engineering & Operations Research (IEOR), Mechanical Engineering (ME), Bioengineering (BioE), or Civil Engineering (CE) from Berkeley Engineering.

The program is only open to freshmen during the UC application period.

For further information, please see the M.E.T. website (http://met.berkeley.edu).

Transfer and Continuing UC Berkeley

The Haas Undergraduate Program accepts applicants from both transfer (http://haas.berkeley.edu/Undergrad/transfer_admissions.html) and continuing UC Berkeley students (http://haas.berkeley.edu/Undergrad/ucb_admissions.html). Before applying to the major, visit the website (http://haas.berkeley.edu/undergrad) which contains complete information concerning academic qualifications for admission with details about prerequisites and degree requirements. Because there are many more applicants than spaces available, completion of the prerequisites does not guarantee admission.

Minor Program

There is no minor program in Business Administration.

In addition to the University, campus, and college requirements, listed on the College Requirements tab, students must fulfill the below requirements specific to their major program.

General Guidelines

1. A minimum of 38 upper division business units are required, and a minimum of 12 upper division non-business units are required.
2. Haas students must adhere to the 7-course breadth guidelines (https://haas.berkeley.edu/undergrad/academics/courses/breadth-courses) outlined on the Haas Undergraduate Program website.
3. No more than 16 units total in courses numbered 98, 99, 197, 198, and 199 may be used to satisfy degree requirements.
4. Students must complete the degree program in four semesters, not including Summer Session.
5. All Haas business courses must be taken for a letter grade, including core substitutions, with the exception of UGBA 194, UGBA 198 and UGBA 199 (only offered Pass/No Pass).
6. No more than 1/3 of a student’s total UC Berkeley units may be taken Pass/No Pass, including physical education courses, Education Abroad Program, or courses taken on another UC campus.
7. Students who receive a grade of D+ or lower in a core course must repeat the course until they achieve a grade of C- or better.
8. A minimum overall grade point average (GPA) of 2.0 is required for graduation.

For information regarding residence requirements and unit requirements, please see the College Requirements (http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/collegerequirementstext).

Lower Division Prerequisites

The prerequisites listed below are required for the major. All prerequisites must be completed with a letter grade of C- or higher, no more than five years before starting the Business major. For further information regarding the prerequisites and the admissions, please see the program’s website (http://haas.berkeley.edu/Undergrad).

English/Reading and Composition Requirement (R&C)

For UC Berkeley students: You must satisfy this requirement by completing courses comparable to both Berkeley’s English R1A and English R1B (http://ls-advice.berkeley.edu/requirements/rc.html). Check this page (http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/reading-composition-requirement) for a list of courses that will satisfy the first half (“A”) and second half (“B”) of the R&C requirement.

You may use first-half and second-half courses from different departments. Please remember that Haas guidelines differ from L&S guidelines. For example, for Haas one course may not be used to satisfy both a prerequisite and a breadth requirement.

For Transfer students: You must satisfy this requirement by completing courses comparable to both UC Berkeley’s English R1A and English R1B. Students at schools other than California community colleges should refer to http://admissions.berkeley.edu/transfer_info for a listing of articulated courses.

Total Units: 30

Core Substitutions

The following UC Berkeley courses may be used to fulfill the corresponding core business requirement. However, units for these approved substitutions are non-business upper division units and students must take additional business electives towards the required 38 upper division business units.

May substitute one of the following for UGBA 101A:

- ECON 100A Economic Analysis--Micro [4]
- ENVECON 100 Microeconomic Theory with Application to Natural Resources [4]

May substitute one of the following for UGBA 101B:

- ECON 100B Economic Analysis--Macro [4]
- ECON 101B Economic Theory--Macro [4]

Effective Spring 2014, UC Berkeley Extension courses XB102A “Introduction to Financial Accounting” and XB102B “Introduction to Managerial Accounting” are not equivalent to UGBA 102A and UGBA 102B as taught by the Haas Undergraduate Program. Students planning on applying to the Haas Undergraduate Program or conditionally admitted students to the Haas Undergraduate Program should not enroll in either of these courses.

**University of California Requirements**

**Entry Level Writing** ([http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/entry-level-writing-requirement](http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/entry-level-writing-requirement))

All students who will enter the University of California as freshmen must demonstrate their command of the English language by satisfying the Entry Level Writing Requirement. Satisfaction of this requirement is also a prerequisite to enrollment in all reading and composition courses at UC Berkeley.

**American History and American Institutions** ([http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/american-history-institutions-requirement](http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/american-history-institutions-requirement))

The American History and Institutions requirements are based on the principle that a US resident graduated from an American university should have an understanding of the history and governmental institutions of the United States.

**Campus Requirement**

The following campus requirements are prerequisites for admission to the undergraduate business major.

**American Cultures** ([http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/american-cultures-requirement](http://guide.berkeley.edu/undergraduate/colleges-schools/haas-business/american-cultures-requirement))

American Cultures (AC) is the one requirement that all undergraduate students at UC Berkeley need to take and pass in order to graduate. The requirement offers an exciting intellectual environment centered on the study of race, ethnicity, and culture of the United States. AC courses offer students opportunities to be part of research-led, highly accomplished teaching environments, grappling with the complexity of American culture.

**College Requirements**

The following are requirements for the Haas Undergraduate Program:

- A minimum of 120 units
- Complete General University Requirements:
  - American History
  - American Institutions
- Berkeley campus requirement:
  - American Cultures
- Completion of degree in four semesters, not including summer session

**Breadth Requirements**

The undergraduate breadth requirements provide Berkeley students with a rich and varied educational experience outside of their major program. As the foundation of a liberal arts education, breadth courses give students a view into the intellectual life of the University while introducing them to a multitude of perspectives and approaches to research and scholarship. Engaging students in new disciplines and with peers from other majors, the breadth experience strengthens interdisciplinary...
connections and context that prepares Berkeley graduates to understand and solve the complex issues of their day.

**Seven Course Breadth Requirement**

Students must successfully complete the seven course breadth sequence to earn a BS degree from the Haas School. Although breadth coursework is not required for admission, students are encouraged to spread breadth courses over 4 years.

- Arts and Literature
- Biological Science
- Historical Studies
- International Studies
- Philosophy and Values
- Physical Science
- Social and Behavioral Sciences

Haas students should adhere to the seven course breadth guidelines (https://haas.berkeley.edu/undergrad/academics/courses/breadth-courses) outlined on the Haas Undergraduate website.

Advanced Placement or International Baccalaureate credit will not satisfy the Seven Course Breadth requirement. A Level exams are accepted. Please contact (http://haas.berkeley.edu/Undergrad/contact.html) a Haas Adviser to determine how your A Level exams can be applied to breadth requirements.

Breadth courses may be taken at a California Community College. Please follow the most current Articulation Agreement between the community college and UC Berkeley for the business administration major. This information can be found at www.assist.org by selecting the community college followed by UC Berkeley then the business administration major.

For more detailed information regarding the courses listed below (e.g., elective information, GPA requirements, etc.), see the College Requirements and Major Requirements tabs.

**Total Units: 122**

1. This is a sample program plan. This plan assumes that the student has completed the Entry Level Writing and the American History and Institutions requirements prior to admission.

2. Students are strongly advised to work with an academic adviser to determine a personal program plan. Your program plan will differ depending on previous credit received, your course schedule, and available offerings.

### Graduate in 3 or 3.5 Years

For students considering graduating in less than four years, it’s important to acknowledge the reasons to undertake such a plan of study. While there are advantages to pursuing a three-year degree plan such as reducing financial burdens, they are not for everyone and do involve sacrifices; especially with respect to participating in co-curricular activities, depth of study, and summer internships, which typically lead to jobs upon graduation. All things considered, please see the tables for three and three and a half year degree options.

### Mission

Guided by the missions of the undergraduate program, and the University’s mission of teaching, research, and service, the mission of the Haas School of Business is to develop leaders who redefine how we do business.

The Haas School of Business Undergraduate Program has developed student learning goals for the Business major that provide faculty and students with a shared understanding of the purpose of the major as well
as what graduating seniors are expected to know or to be able to do at the end of their course of study as it relates to the school’s mission.

The learning goals are assessed to determine whether students are achieving the outcomes. The assessment results are used to inform curricular design and other program offerings. All steps require input and participation from the business school community, particularly the faculty. The resulting learning goals, which have their origin in the core curriculum, were shaped over several months by faculty and administration and are listed below.

Learning Goals for the Major

1. Students will be skilled in critical thinking and decision making, as supported by the appropriate use of analytical and quantitative techniques.
2. Students will apply functional area concepts and theories appropriately.
3. Students will be effective communicators who can prepare and deliver oral and written presentations using appropriate technologies.
4. Students will be sensitive to the ethical requirements of business activities.
5. Students will tackle strategic and organizational challenges with innovative solutions.

For a visual representation of the relationship between the core curriculum and the expected outcomes, please see the Haas School of Business website (https://www.haas.berkeley.edu/Undergrad/learninggoals.html).

Advising Hours

Advisers are available in S450 (Haas Student Services Building) during open hours.

Advising Open Hours:
Monday, Wednesday, Thursday, and Friday: 9 a.m. to 4 p.m.
Tuesday: 10 a.m. to 4 p.m.
Advising is closed for lunch daily from 12:30 to 1:30 p.m.

There is no need to schedule an appointment, as advising is available on a walk-in basis. For assistance by phone, please call 510-642-1421.

The Haas undergraduate experience offers opportunities for personal growth beyond the classroom, including leadership development, career development, and close interaction with faculty and alumni. A number of programs offered to Haas students support this design, such as global opportunities (https://haas.berkeley.edu/undergrad/academics/global-opportunities), case competitions (https://haas.berkeley.edu/undergrad/student-life-services/case-competitions), student organizations (https://haas.berkeley.edu/undergrad/student-life-services/student-government-organizations), cohort program (https://haas.berkeley.edu/undergrad/student-life-services/cohort-program), and many more.

Career Services Overview

The UC Berkeley Career Center (https://career.berkeley.edu) prepares undergraduates, graduate students, and alumni to make informed decisions about their futures by providing comprehensive resources, programs, and counseling on career development, internships, employment, and graduate school. Whether it be through a resume critique, an alumni networking event, or an interviewing skills workshop, the Career Center is committed to helping all students achieve:

- Career Clarity: Providing students the opportunity to identify their career direction
- Career Competitiveness: Providing students the opportunities to enhance their marketability via real world experiences
- Career Connections: Providing students opportunities to engage with alumni and employers

Common Career Paths for Business Majors

Career Destinations Survey

Every year the Career Center surveys graduating seniors about their post-graduation plans to better understand the career outcomes of our alumni including: career fields, job titles, specific employers, entry-level salaries, and graduate/professional school destinations. The data profiles by major provide an impressive overview of the diverse interests and achievements of recent graduates from UC Berkeley, including specific data for the Business Administration majors in the Haas School of Business. Each annual data set includes the August, December, and May graduating cohorts for that survey year. This data is designed to provide students, alumni, and employers with critical information about where Cal students go after graduation. As expected, college major does not restrict the employment or graduate school options that Cal students pursue. With careful planning, you can develop career-related skills and experiences that can prepare you for almost any job or graduate school field.

Sample Career Pathways

Business Administration majors go on to pursue a wide variety of career options including, but not limited to:

- Banking and finance: Financial analysis, commercial banking, mortgage and lending services, credit analysis, branch management, securities sales and research
- Management: Business and industry including banks, retail stores, restaurants, hotels, healthcare, manufacturing, government and nonprofit organizations
- Sales and Promotions: Industrial sales, wholesale sales, consumer product sales, financial services sales, advertising sales, ecommerce, and sales management
- Consulting: Strategy consulting, management consulting, human resources/personnel consulting, information technology consulting, healthcare consulting, and project management.
- Insurance: Claims, underwriting, risk management, sales, loss control, and actuarial science
- Real Estate: Residential brokerage, commercial sales, appraisals, and property management
- Human Resources Management: Recruiting/staffing, compensation, benefits, training, safety, employee relations, industrial relations, organizational development, equality opportunity employment, and employment law
- Marketing and Public relations: Product management, brand management, marketing strategy management, advertising, public relations, marketing data and analysis, and market research
Career Services Overview

The UC Berkeley Career Center (https://career.berkeley.edu) prepares undergraduates, graduate students, and alumni to make informed decisions about their futures by providing comprehensive resources, programs, and counseling on career development, internships, employment, and graduate school. Whether it be through a resume critique, an alumni networking event, or an interviewing skills workshop, the Career Center is committed to helping all students achieve:

- Career Clarity: providing students the opportunity to identify their career direction;
- Career Competitiveness: providing students the opportunity to enhance their marketability via real-world experiences;
- Career Connections: providing students opportunities to engage with alumni and employers.

Career and Internship Resources

The UC Berkeley Career Center (https://career.berkeley.edu) offers a wide variety of programs and resources to support students of all majors and class levels.

- **Job Search Tools** (https://career.berkeley.edu/Tools/ Tools): Resume and cover letter writing, job search strategies, networking tools, interviewing skills, and more.
- **Career Counseling** (https://career.berkeley.edu/Info/MakeAppt): A wide variety of scheduled and drop-in appointment options based on major and topic.
- **Internships** (https://career.berkeley.edu/Internships/ Internships): Internship listings, search strategies, FAQs, and more.
- **Career Exploration** (https://career.berkeley.edu/Info/CareerExp): Resources to explore career options, identify career goals, and develop effective career plans.
- **Events and Workshops** (https://career.berkeley.edu/Info/ Events): Over 70 events each semester including workshops, alumni networking events, career panels, conferences, and on-campus Career Chats.
- **Career Fairs and Employer Information Sessions** (https:// career.berkeley.edu/Callisto/InfoSession): We offer 14 career fairs each year across a variety of career fields and partner with numerous employers for on-campus information sessions.
- **Graduate and Professional School** (https://career.berkeley.edu/ Info/GradProf): Counseling and resources to help students research and apply for graduate and professional school including medical school (https://career.berkeley.edu/Medical/Medical) and law school (https://career.berkeley.edu/Law/Law).

**UGBA C5 Introduction to Entrepreneurship 2 Units**

Offered through: Business Administration
Terms offered: Fall 2019, Fall 2018, Spring 2017, Fall 2015
This course offers students a taste of what it's really like to start a business. In addition to learning key foundational entrepreneurial concepts such as idea generation & evaluation, customer & product development, creating a business model, fundraising, marketing, and scaling & exiting a business, students will also hear from successful entrepreneurs who share their perspectives and best practices. Students will apply core concepts by working in teams to evaluate and select a venture idea that they will then develop throughout the semester.

UGBA 88 Data and Decisions 2 Units
Offered through: Business Administration
Terms offered: Spring 2020, Fall 2019
The goal of this connector course is to provide an understanding of how data and statistical analysis can improve managerial decision-making. We will explore statistical methods for gleaning insights from economic and social data, with an emphasis on approaches to identifying causal relationships. We will discuss how to design and analyze randomized experiments and introduce econometric methods for estimating causal effects in non-experimental data. The course draws on a variety of business and social science applications, including advertising, management, online marketplaces, labor markets, and education. This course, in combination with the Data 8 Foundations course, satisfies the statistics prerequisite for admission to Haas.

Rules & Requirements
Prerequisites: One semester of Calculus (Math 16A or Math 1A). Also, this is a Data Science connector course and may only be taken concurrently with or after completing Computer Science C8/Statistics C8/Information C8.

Hours & Format
Fall and/or spring: 15 weeks - 2 hours of lecture per week

UGBA C95B Introduction to the Biotechnology Field and Industry: Impact, History, Therapeutics R&D, Entrepreneurship and Careers 2 Units
Offered through: Business Administration
Terms offered: Spring 2019
This course offers an introduction to the field of biotechnology and will cover the history of the field, its impact on medicine and society, key methodologies, important therapeutic areas, and the range of career options available in the biopharmaceutical industry. In addition to lectures on innovation and entrepreneurship, students will hear from lecturers with expertise ranging from molecular biology to clinical trial design and interpretation. Several case studies of historically impactful scientists, entrepreneurs, and biopharmaceutical companies will be presented. Students will work in teams to create and develop novel biotechnology company ideas to present in class. Intended for students interested in the Biology + Business program.

Hours & Format
Fall and/or spring: 15 weeks - 2 hours of lecture per week

UGBA 96 Lower Division Special Topics in Business Administration 1 - 4 Units
Offered through: Business Administration
Terms offered: Fall 2019, Spring 2019, Fall 2018
Study in various fields of business administration for lower division students. Topics will vary from year to year and will be announced at the beginning of each semester.

UGBA 123 Operating and Financial Reporting Issues in the Financial Services Industry 3 Units
Offered through: Business Administration
Terms offered: Fall 2019, Fall 2018, Fall 2017
This course examines how accounting in the financial services industry – banking, insurance, investment industry, and real estate – actually operates. Students learn about underwriting and pricing in each sector, investment processes and controls, incentive-based profit sharing, risk management, and the factors that contribute to profitability. Students learn what financial statements reveal about estimates companies make regarding liabilities and, more generally, what they reveal about how companies deal with uncertainty associated with predicting and measuring financial results. Students examine the controversy over employing Fair Value Accounting across sectors and learn about other sector-specific accounting requirements.

Offered through: Business Administration
Terms offered: Spring 2020, Fall 2019
This course focuses on ethics related to the accounting for and reporting of financial statements and related financial information, and touches on the ethics of tax preparers. It is taught within the context of the American Institute of Certified Public Accountants (AICPA), as well as broader ethical concepts. This course fulfills the accounting ethics education requirement of the California Board of Accountancy, needed for a California CPA license. The course covers (i) theories and rules and (ii) the application of these theories and rules to case studies drawn from real life. Students are taught not only to identify the risks of fraud, but also how an organization’s culture and structure might be altered to reduce the risks.
Ethics in Accounting: Read More [+]

Hours & Format
Fall and/or spring: 15 weeks - 3 hours of lecture per week

UGBA 131A Corporate Strategy and Valuation 3 Units
Offered through: Business Administration
Terms offered: Spring 2020, Spring 2019
The course is designed to cover advanced corporate finance issues. Its purpose is two-fold. First, it will help students develop a tool-box, both conceptual and quantitative, to address real-world corporate financial issues that they will likely use immediately in any finance-related career. Second, the course is designed to give the “the big picture,” i.e., sharpen understanding of how corporate financial strategy helps increase a firm’s value in a dynamic environment. The course examines qualitative factors that help determine financial strategy, including the costs of financial distress and the value of financial flexibility, as well as quantitative techniques, such as option pricing, that will be helpful in various analyses.

UGBA 134 Introduction to Financial Engineering 3 Units
Offered through: Business Administration
Terms offered: Spring 2020, Spring 2019
This course provides students with an introduction to the application of mathematics and statistics in the field of finance. It consists of three integrated modules: 1) an introduction to the quantitative foundations of finance, using calculus, linear algebra, statistics and probability; 2) extension into financial theory as it relates to asset pricing, fixed income, derivatives, structured finance and risk management; and 3) application and implementation of these foundational tools and theory through software like Excel to build basic quantitative financial models (touching on programming). The goal is to use financial models that can guide business and financial decisions.

UGBA 160 Consumer Behavior 3 Units
Offered through: Business Administration
Terms offered: Spring 2020, Summer 2019 First 6 Week Session, Spring 2019
Consumer behavior is the study of how consumers process information, form attitudes and judgments, and make decisions. Its study is critical to understand how consumers think and behave, which is critical for a company wishing to develop a customer focus. Given how different people are, it is amazing how similarly their minds work. Consumer psychology is the systematic study of how consumers perceive information, how they encode it in memory, integrate it with other sources of information, retrieve it from memory, and utilize it to make decisions. It is one of the building blocks of the study of marketing and provides the student with a set of tools with diverse applications.

Rules & Requirements

UGBA 161 Market Research: Tools and Techniques for Data Collection and Analysis 3 Units
Offered through: Business Administration
Terms offered: Spring 2020, Spring 2019, Spring 2017
Information technology has allowed firms to gather and process large quantities of information about consumers' choices and reactions to marketing campaigns. However, few firms have the expertise to intelligently act on such information. This course addresses this shortcoming by teaching students how to use customer information to better market to consumers. In addition, the course addresses how information technology affects marketing strategy.

UGBA 162A Product Branding and Branded Entertainment 2 Units
Offered through: Business Administration
Terms offered: Fall 2019, Fall 2018, Fall 2017
As consumers demand information and products tailored specifically to their individual needs, brands strive to create alternative advertising methods to build lasting relationships and retain “top of mind” status. Smart consumers, especially those in niche markets, have dismissed traditional avenues of sponsorship and product placement. Course explores how and why brand executives across multiple industries are leveraging entertainment to connect with niche markets. It educates students about how marketers develop creative and entertaining ways to connect with multi-hyphenate customers. Course culminates in a Creative Pitch, based on a case study, and a Client Presentation where students present marketing campaigns to industry executives.

UGBA 176 Innovations in Communications and Public Relations 2 Units
Offered through: Business Administration
Terms offered: Fall 2019, Fall 2018, Fall 2017
This course introduces students to public relations and how it is used by companies, non-profits and individuals to build and support their brands through innovative communication techniques. Students will hear from and have direct access to entrepreneurs and established executives who share insights on how they've used creative public relations campaigns and communications skills to create attention and value for their brand or avoid it in a crisis. They also learn to work in teams crafting effective media responses for an existing company needing real help now (not a case study). The semester ends with each student applying this technique to create their own personal brand that they can refine as they prepare to move into the workforce.

UGBA 179 International Consulting for Small and Medium-Sized Enterprises 3 Units
Offered through: Business Administration
Terms offered: Spring 2020, Fall 2019, Spring 2019
By exploring the intersection of global business, entrepreneurship, and consulting, this course provides an understanding of how decision-makers in small and medium sized enterprises (SMEs) can develop the frameworks necessary for making decisions about how to venture across borders in pursuit of economic opportunities in today’s hypercompetitive global business environment. In addition to the technical analysis of cases, there is a strong emphasis on how to create a new service company, market and sell to potential clients, manage client relationships, and leverage financial and human resources in a service setting.

**UGBA 190C Collaborative Innovation 4 Units**
Offered through: Business Administration
Terms offered: Spring 2020
This is a project-based course in collaborative innovation where students experience group creativity and team-based design by using techniques from across the disciplines of business, theater, design, and art practice. Students will leverage problem framing and solving techniques derived from critical thinking, systems thinking, and creative problem solving (popularly known today as design thinking). The course is grounded in a brief weekly lecture that sets out the theoretical, historical, and cultural contexts for particular innovation practices, but the majority of the class involves hands-on studio-based learning guided by an interdisciplinary team of teachers leading small group collaborative projects.

**UGBA 190D Innovation and Design Thinking in Business 2 Units**
Offered through: Business Administration
Terms offered: Fall 2019
The goal of this course is to equip students with innovation skills and practices. This is a learn-by-doing lab. Students learn research methods, ethnography, analysis and synthesis, reflective thinking, scenario creation, ideation processes, rapid prototyping cycles and designing experiments, iterative design and how to tell the story of “Never Before Seen” ideas. Class time is spent using hands-on innovation and human-centered design practices. Teams present work for critique and iterative development. The course features short lectures, guest talks, campus-based fieldwork, site visits, research and readings. Projects will be launched in the sessions and each team will be coached and mentored.

**UGBA 190S Strategy for the Information Technology Firm 3 Units**
Offered through: Business Administration
Terms offered: Prior to 2007
This course is a strategy and general management course for students interested in pursuing careers in the global information technology industry. Students are taught to view the IT industry through the eyes of the general manager/CEO (whether at a start-up or an industry giant). They learn how to evaluate strategic options and their consequences, how to understand the perspectives of various industry players, and how to anticipate how they are likely to behave under various circumstances. These include the changing economics of production, the role network effects and standards have on adoption of new products and services, the tradeoffs among potential pricing strategies, and the regulatory and public policy context.

UGBA 191I Improvisational Leadership 3 Units
Offered through: Business Administration
Terms offered: Fall 2019, Fall 2018, Fall 2017
This class explores the broad principles of improvisation, a performing art form that has developed pedagogical methods to enhance individual spontaneity, listening and awareness, expressive skills, risk-taking, and one's ability to make authentic social and emotional connections. The ultimate aim of the course is to help students develop an innovative and improvisational leadership mindset, sharpening in-the-moment decision making and the ability to quickly recognize and act upon opportunities when presented. In practical terms, this course strives to enhance students' business communication skills and increase both interpersonal intuition and confidence.

UGBA 192AC Social Movements and Social Media 3 Units
Offered through: Business Administration
Terms offered: Spring 2020, Spring 2019, Fall 2017
This course provides a survey of innovative social movements and their complex relationships to social media technologies. It will examine the evolution from pre-social-media to present-day mobilizing strategies and the interplay between explicitly policy- and advocacy-focused approaches and related efforts rooted in music, visual arts, popular culture and celebrities. The course will place into comparative relief the discourses of explicitly racially- or ethnically-defined movements and movements that mobilize based on other, sometimes overlapping categories of marginalization including class, immigration status, gender identity and occupational category.

Social Movements and Social Media: Read Less [-]
UGBA 192B Strategic Philanthropy 2 Units
Offered through: Business Administration
Terms offered: Spring 2020, Spring 2019, Spring 2018
This course teaches students the concepts and practices of effective philanthropy. It offers students the experience of studying relevant theories and frameworks for assessing potential grant recipients and a real-world grant making experience in which they complete a series of nonprofit organizational assessments and then make actual grants totaling $10,000 to a limited number of organizations. Students learn about the evolution of the philanthropic sector from traditional entities, such as private, corporate and community foundations, to an array of new funding intermediaries, technology-driven philanthropies, open source platforms, “impact” investors, and venture philanthropy partnerships.

UGBA 192E Social Entrepreneurship 2 Units
Offered through: Business Administration
Terms offered: Fall 2019
This course is designed to provide broad exposure to the theories and activities of social entrepreneurship. The inquiry is grounded in real-world examples that illustrate the topics and stimulate thinking, discussion, and learning. Working in groups, students develop a business plan or pitch deck for a social enterprise that addresses an issue that is of interest/concern to the student team. Students with preexisting social enterprise ideas or plans that they would like to further develop and refine are welcomed and encouraged to use this class project as an opportunity to do so.

UGBA 192G Strategic Approaches for Global Social Impact 2 Units
Offered through: Business Administration
Terms offered: Not yet offered
The main objective of this course is to help students become effective practitioners in global development and understand career options in the global social sector. The course aims to (i) analyze the historical, sociological and statistical underpinnings of the major issues in global development (conflict, food security, human rights, poverty, health and education), (ii) understand what various organizations can contribute to each issue (government agencies, multilateral institutions, private foundations, NGOs, and private sector companies and entrepreneurs), and (iii) design and analyze approaches to addressing these issues.

UGBA 192L Applied Impact Evaluation 2 Units
Offered through: Business Administration
Terms offered: Prior to 2007
This course covers the methods and applications of impact evaluations, which is the science of measuring the causal impact of a program or policy on outcomes of interest. At its essence, impact evaluation is about generating evidence on which policies work, and which don’t. This subject matter should appeal to three main audiences: (1) those in decision-making positions, such as policy makers and business leaders, and need to consume the information generated from impact evaluations to make informed evidence-based decisions, (2) project managers, development practitioners and business managers who commission impact evaluations and (3) researchers who actually design and implement impact evaluations.
UGBA 192N Topics in Social Sector Leadership 1 - 5 Units
Offered through: Business Administration
Terms offered: Fall 2019, Spring 2019, Fall 2018
Advanced study in the field of social sector leadership that will address current and emerging issues. Topics will vary with each offering and will be announced at the beginning of each term.

Rules & Requirements
Repeat rules: Course may be repeated for credit when topic changes.

Hours & Format
Fall and/or spring: 15 weeks - 1-5 hours of lecture per week
Summer: 6 weeks - 2.5-12.5 hours of lecture per week

Additional Details
Subject/Course Level: Undergrad. Business Administration/Undergraduate
Grading/Final exam status: Letter grade. Final exam required.

UGBA 192P Sustainable Business Consulting Projects 3 Units
Offered through: Business Administration
Terms offered: Fall 2018, Fall 2016, Fall 2014
Discuss the field of strategic corporate social responsibility (CSR) through a series of lectures, guest speakers, and projects. The course will examine best practices used by companies to engage in socially responsible business practices. It will provide students with a flavor of the complex dilemmas one can face in business in trying to do both "good for society" and "well for shareholders." It looks at CSR from a corporation perspective, and how this supports core business objectives, core competencies, and bottom-line profits.

Grading/Final exam status: Letter grade. Final exam required.

UGBA 193B Energy & Civilization 4 Units
Offered through: Business Administration
Terms offered: Fall 2019, Fall 2018, Fall 2017
Energy is one of the main drivers of civilization. Today we are at the precipice of what many hope will be a major paradigm shift in energy production and use. Two transitions are needed. On the one hand, we must find ways to extend the benefits of our existing energy system to the impoverished people living in the developing world while continuing to provide these benefits to the people of the developed world. On the other hand, we must completely overhaul the existing system to fight climate change and other forms of air and water pollution. Are these shifts truly within our reach? Can we achieve both simultaneously? If so, how? This Big Ideas course will grapple with these questions using an interdisciplinary systems approach.

Energy & Civilization: Read More [+]

UGBA 195A Entrepreneurship 3 Units
Offered through: Business Administration
Terms offered: Spring 2020, Fall 2019, Spring 2019
Do you have an idea for a new business, but want to learn how to more fully develop this idea? Would you like to receive funding for your business idea, but lack a framework to ask for capital? This course takes students through the new venture process using a business plan as the main deliverable. A well-written business plan sets key milestones and indicates the resources needed to achieve them, in an increasingly complex business environment. Through the planning process that tightly links market and financial planning a business plan creates a set of standards to which investors and teammates can evaluate actual performance, laying the foundation for an “operating plan” once the business is launched. Entrepreneurship: Read More [+]
