Development Studies

Note: The Development Studies Major has been retired and folded into Global Studies. We are no longer accepting Development Studies declarations. Please visit the Global Studies website (http://globalstudies.berkeley.edu) or the Global Studies (http://guide.berkeley.edu/undergraduate/degree-programs/global-studies) page on the Berkeley Academic Guide for more information.

Bachelor of Arts (BA)
The Development Studies (DS) major focuses on social transformation or change. The problems of social transformation are urgent, massive, complex, and often transcend the boundaries of conventional academic disciplines.

DS examines the problems, processes, and prospects for the development of human and material resources in what are generally thought to be the less developed areas of the world. To study comparative development effectively, one must draw upon many disciplines and construct a balanced understanding of historical and contemporary processes. Thus, studying development as a social transformation requires a blending of knowledge and perspectives from political science, economics, sociology, psychology, anthropology, geography, history, and environmental science.

Declaring the Major
Applications are accepted during the fall and spring semesters from the third week of instruction until the last day of instruction (not the last day of finals). Applications are accepted during the summer from the last week in May until the beginning of the fall semester (not the beginning of classes).

To be eligible to declare, students must not be in the final semester of their undergraduate work. For further information on prerequisites required before declaring the major, please see the Major Requirements tab on this page.

Additionally, students are encouraged, but not required, to complete two semesters of college-level foreign language or the equivalent before applying to the major.

To get declared you must both:
- Attend a Major Declaration Workshop (check the schedule in the IAS office for dates)
- Meet with an IAS adviser to submit the DS application materials

Bring a completed DS application to the workshop. Application materials may be submitted after attending the Major Declaration Workshop. However, students will not be officially declared until they have both attended a workshop and submitted all declaration papers.

Honors Program
To be eligible for honors, students must have senior standing and a GPA of 3.6 in the major and 3.5 in all work completed at UC Berkeley. Doing honors includes a year-long course sequence (IAS H102 in the fall and DEV STD H195 in the spring) in which students learn how to formulate a hypothesis, conduct supporting research, and complete a thesis paper of approximately 75 pages or longer.

Minor Program
There is no minor program in Development Studies.

In addition to the University, campus, and college requirements, listed on the College Requirements tab, students must fulfill the below requirements specific to their major program.

Repeat Rule
Students who earn a grade of F, D-, D, D+ or NP may repeat the course only once. Regardless of the grade the student receives for their second attempt (including F, D-, D or D+), the student may not repeat the course a third time.

General Guidelines
1. All courses taken to fulfill the major requirements below must be taken for graded credit, other than courses listed which are offered on a Pass/No Pass basis only. Other exceptions to this requirement are noted as applicable.
2. No more than one upper division course may be used to simultaneously fulfill requirements for a student's major and minor programs, with the exception of minors offered outside of the College of Letters & Science.
3. A minimum grade point average (GPA) of 2.0 must be maintained in both upper and lower division courses used to fulfill the major requirements.

For information regarding residence requirements and unit requirements, please see the College Requirements tab.

1 Students must receive a C grade or higher. This course can only be repeated once. All Development Studies majors are required to take DEV STD C10
2 Students must receive a C grade or higher. This course may be repeated only once.
Foreign Language Requirement

DS majors must demonstrate proficiency in a modern language other than English by the last semester of their senior year. Proficiency is equivalent to the ability achieved in four college-level semesters (or two years). Language courses taken in high school do not satisfy this requirement. See below for details on how to fulfill the foreign language requirement.

Languages accepted by the College of Letters & Science are not automatically accepted by the DS major. Please check with a DS adviser for eligible languages.

There are a variety of ways to fulfill the four-semester language requirement for DS, depending on the individual and his or her background and ability.

1. **Advanced Placement (AP) or International Baccalaureate (IB) test**: An AP score of 5 or an International Baccalaureate (IB) score of 7 will complete this requirement. An AP score of 4 will place a student into the fourth-semester college level course. A score of 3 will place a student into the third-semester college level course. Documentation of AP scores must be provided.

2. **Coursework**: Any combination of college courses, summer programs, or college-level study abroad programs can satisfy the language requirement. At a minimum, students must complete the fourth semester (i.e., the second semester of intermediate level) of a language with a grade of C- or better in order to fulfill the requirement. The first, second, and third-level courses may be taken on a Pass/No Pass basis. Language courses need not be taken at UC Berkeley. Courses taken at a community college or any accredited school or university may be acceptable. Transcripts must be submitted and evaluated by a DS adviser. A one-semester upper division course taken abroad in the target language may satisfy the foreign language requirement, depending on the school and program followed. For more information, see a DS adviser concerning language study abroad.

3. **Proficiency exam**: Some, but not all, language departments on campus offer proficiency testing for students with advanced skills in that language. Please note that if a particular language is not taught on the UC Berkeley campus, then students are not able to test in that language. A student would then need to choose one of the other methods for fulfilling the foreign language requirement. Please speak with a DS adviser about proficiency testing.

4. **High school completion in a non-English language**: Students who were educated in a non-English language through the completion of high school or the equivalent may wish to satisfy this requirement with that experience. This requires a language proficiency exam.

Upper Division Requirements

DEV STD C100  Course Not Available

**Disciplinary courses**
Select two courses from the same discipline (see below for approved options)

**Development courses**
Select two courses from the development course list (see below)

**Methodology**
Select one course from either the statistical methods category or the research design category.

**Statistical Methods**:

College of Letters & Science Essential Skills Requirements

Quantitative Reasoning (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/quantitative-reasoning-requirement)

The Quantitative Reasoning requirement is designed to ensure that students graduate with basic understanding and competency in math, statistics, or computer science. The requirement may be satisfied by exam or by taking an approved course.

Foreign Language (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/foreign-language-requirement)

The Foreign Language requirement may be satisfied by demonstrating proficiency in reading comprehension, writing, and conversation in a foreign language equivalent to the second semester college level, either by passing an exam or by completing approved course work.

Reading and Composition (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/reading-composition-requirement)

In order to provide a solid foundation in reading, writing, and critical thinking the College requires two semesters of lower division work in composition in sequence. Students must complete parts A & B reading and composition courses by the end of their second semester and a second-level course by the end of their fourth semester.

University of California Requirements

Entry Level Writing (http://writing.berkeley.edu/node/78)

All students who will enter the University of California as freshmen must demonstrate their command of the English language by fulfilling the Entry Level Writing requirement. Fulfillment of this requirement is also a prerequisite to enrollment in all reading and composition courses at UC Berkeley.

American History and American Institutions (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/american-history-institutions-requirement)

The American History and Institutions requirements are based on the principle that a US resident graduated from an American university, should have an understanding of the history and governmental institutions of the United States.

Breadth Requirements

Breadth Requirements (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/#breadthrequirementstext)

The undergraduate breadth requirements provide Berkeley students with a rich and varied educational experience outside of their major program. As the foundation of a liberal arts education, breadth courses give students a view into the intellectual life of the University while introducing them to a multitude of perspectives and approaches to research and scholarship. Engaging students in new disciplines and with peers from other majors, the breadth experience strengthens interdisciplinary connections and context that prepares Berkeley graduates to understand and solve the complex issues of their day.

Unit Requirements

- 120 total units
- Of the 120 units, 36 must be upper division units
- Of the 36 upper division units, 6 must be taken in courses offered outside your major department

Residence Requirements

For units to be considered in "residence," you must be registered in courses on the Berkeley campus as a student in the College of Letters & Science. Most students automatically fulfill the residence requirement by attending classes here for four years. In general, there is no need to be concerned about this requirement, unless you go abroad for a semester or year or want to take courses at another institution or through UC Extension during your senior year. In these cases, you should make an appointment to meet an adviser to determine how you can meet the Senior Residence Requirement.

Southeast Asia (Vietnam, Myanmar, Laos, Malaysia, Singapore, Thailand, Indonesia, Philippines)

Undergraduate students must fulfill the following requirements in addition to those required by their major program.

For detailed lists of courses that fulfill college requirements, please review the College of Letters & Sciences (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science) page in this Guide. For College advising appointments, please visit the L&S Advising (https://ls.berkeley.edu/advising/about-undergraduate-advising-services) Pages.

American Cultures (http://americancultures.berkeley.edu/students/courses)

All undergraduate students at Cal need to take and pass this course in order to graduate. The requirement offers an exciting intellectual environment centered on the study of race, ethnicity and culture of the United States. AC courses offer students opportunities to be part of research-led, highly accomplished teaching environments, grappling with the complexity of American Culture.
Note: Courses taken through UC Extension do not count toward residence.

**Senior Residence Requirement**

After you become a senior (with 90 semester units earned toward your BA degree), you must complete at least 24 of the remaining 30 units in residence in at least two semesters. To count as residence, a semester must consist of at least 6 passed units. Intercampus Visitor, EAP, and UC Berkeley-Washington Program (UCDC) units are excluded.

You may use a Berkeley Summer Session to satisfy one semester of the Senior Residence requirement, provided that you successfully complete 6 units of course work in the Summer Session and that you have been enrolled previously in the college.

**Modified Senior Residence Requirement**

Participants in the UC Education Abroad Program (EAP), Berkeley Summer Abroad, or the UC Berkeley Washington Program (UCDC) may meet a Modified Senior Residence requirement by completing 24 (excluding EAP) of their final 60 semester units in residence. At least 12 of these 24 units must be completed after you have completed 90 units.

**Upper Division Residence Requirement**

You must complete in residence a minimum of 18 units of upper division courses (excluding UCEAP units), 12 of which must satisfy the requirements for your major.

**Learning Goals for the Major**

1. Develop strong interdisciplinary training with control over key concepts in the social sciences:
   - Develop a critical understanding of conventional and non-conventional measures and indices of development.
   - Comprehend core concepts pertaining to development studies which are part of larger social scientific traditions and analysis (state, market, civil society).
   - Understand the genealogy of particular theoretical traditions of development that are both rooted in and cross cut the disciplines.
   - Grasp the complex relations between development as a series of planned interventions (at various levels) and the dynamics, conflicts and rhythms of historical change and social transformation.

2. Apply an interdisciplinary approach to the analysis of international development theory and practice:
   - Recognize how differing concepts and ideas are translated into development practice.
   - Identify the multiple forms of state and non-state interventions – and the map of multilateral, bilateral and local development institutions – associated with contemporary international development.
   - Integrate understandings of market, state and civil society, and grasp how they are deployed in development theory and practice.

**Skills**

1. Acquire historical & geographical knowledge and language skills:
   - Examine the historical processes by which the Global South emerged from within the modern world system (post 1450).
   - Develop a comparative understanding of major world regions and their interrelations.
   - Gain a substantive knowledge of cultural, political, economic, and historical development of one particular region of the developing world; if possible, participate in Education Abroad Program in a country in the region.
   - Acquire language skills relevant to regional expertise.

2. Demonstrate research, critical reading, and writing skills:
   - Formulate well-organized arguments supported by evidence.
   - Write clearly and effectively.
   - Apply basic quantitative skills.
   - Critically evaluate arguments in professional, public and advocacy literatures.
   - Gain some practical experience through internships.

**Development Studies**

**DEV STD 24 Freshman Seminar 1 Unit**

Terms offered: Fall 2015, Spring 2014

The Freshman Seminar Program has been designed to provide new students with the opportunity to explore an intellectual topic with a faculty member in a small seminar setting. Freshman seminars are offered in all campus departments, and topics vary from department to department and semester to semester. Enrollment is limited to 15 freshmen.

.rules & Requirements

Repeat rules: Course may be repeated for credit when topic changes.

Hours & Format

Fall and/or spring: 15 weeks - 1 hour of seminar per week
Summer: 8 weeks - 2 hours of seminar per week

Additional Details

Subject/Course Level: Development Studies/Undergraduate

Grading/Final exam status: The grading option will be decided by the instructor when the class is offered. Final exam required.

Freshman Seminar: Read Less [-]
DEV STD 150 Advanced Studies in Development Studies 4 Units
Terms offered: Fall 2017, Fall 2016, Fall 2015
Advanced multidisciplinary research in current issues and topics of development. Seminars will focus on specific geographical areas with appropriate comparative material included. A major research project is required as well as class presentations. Topics change each semester.
Rules & Requirements
Repeat rules: Course may be repeated for credit with instructor consent.
Hours & Format
Fall and/or spring: 15 weeks - 3 hours of lecture per week
Additional Details
Subject/Course Level: Development Studies/Undergraduate
Grading/Final exam status: Letter grade. Final exam required.
Advanced Studies in Development Studies: Read Less [-]

DEV STD 192 Senior Thesis 3 Units
Terms offered: Fall 2016, Spring 2010, Spring 2009
This course is designed to provide a vehicle for undergraduate students interested in writing a major paper on a development topic. The paper should be approximately 30 pages in length. The student and faculty sponsor should agree upon the topic in advance.
Senior Thesis: Read More [+]
Rules & Requirements
Prerequisites: Upper division standing and consent of instructor
Hours & Format
Fall and/or spring: 15 weeks - 0 hours of independent study per week
Additional Details
Subject/Course Level: Development Studies/Undergraduate
Grading/Final exam status: Letter grade. Final exam required.
Senior Thesis: Read Less [-]

DEV STD H195 Senior Honors Thesis Seminar 4 Units
Terms offered: Spring 2019, Spring 2018, Spring 2017
Honors students are required to research and write a thesis based on the prospectus developed in International and Area Studies 102. The thesis work is reviewed by the honors instructor and a second reader to be selected based on the thesis topic. Weekly progress reports required.
Senior Honors Thesis Seminar: Read More [+]
