Social Welfare

An international leader in social work practice and social policy, Berkeley Social Welfare has prepared over 11,000 social work professionals and social welfare scholars for a range of leadership, research, teaching, and advanced practice roles. Since 1942 we have offered the undergraduate major in Social Welfare leading to the Bachelor of Arts (BA) degree, under the jurisdiction of the College of Letters & Science. Berkeley Social Welfare's B.A. degree program was ranked #1 by USA Today College Factual in 2016.

Bachelor of Arts (BA) in Social Welfare

The Social Welfare undergraduate major emphasizes an educational experience that is grounded in the liberal arts rather than specialized training in the profession of social work—thus its designation as a Bachelor of Arts (BA) degree, and not the professional Bachelor of Social Work (BSW) degree.

The Undergraduate Social Welfare major reflects Berkeley Social Welfare’s goal to provide Berkeley undergraduate students with a broad-based introduction to America’s social welfare problems and social policies within a social science context. Students gain knowledge of organized networks of public and private social services, and the basic practice methods associated with the social work profession. In doing so, students acquire the knowledge needed to understand, address, and actively participate in the amelioration of critical social problems in American society.

Prerequisite Entry Requirements

Students interested in declaring the Social Welfare major should thoroughly explore the Social Welfare field as a major; become familiar with the curriculum and its required sequence; and complete the prerequisite entry requirements as soon as possible.

Social Welfare is a high-demand major (https://ls.berkeley.edu/advising/planning/schedule-planning/choosing-major/high-demand-majors/). Prerequisites are strictly enforced and enrollment controls are in place for required courses to manage student demand. There are also limitations on the number of major declarations we are able to accommodate each year.

Before petitioning to declare the Social Welfare major, students must complete all of the prerequisites listed below. Prerequisites should be completed as soon as possible since student demand for the Social Welfare major currently exceeds the total number of majors we are able to accommodate.

All prerequisite courses must be successfully completed with a minimum letter grade of C. Prerequisites can be satisfied at Berkeley, or through IGETC (http://admission.universityofcalifornia.edu/transfer/general-education-igetc/igetc/) or UC Reciprocity (http://www.assist.org/web-assist/welcome.html) for transfer students. High school AP scores that are high enough to provide credit for university units can be accepted in place of a prerequisite class.

1. Fulfillment of the L&S Reading and Composition (R&C) Requirement:
The College of Letters & Science (L&S) requires two semesters of lower division work in composition, Reading and Composition (R&C) (https://ls.berkeley.edu/reading-composition-requirement/), parts A

2. Fulfillment of the L&S Quantitative Reasoning Requirement OR a Berkeley Data Science Course:
All L&S students must complete a minimum of three (3) units of approved Quantitative Reasoning coursework (https://ls.berkeley.edu/quantitative-reasoning/) in math, statistics, or computer science. This requirement may be satisfied by exam or by taking an approved course. The prerequisite entry requirement for the Social Welfare major may also be satisfied by taking a Berkeley Data Science course (http://data.berkeley.edu/courses/).

3. Introductory Psychology:
PSYCH 1 or PSYCH 2, or equivalent.

4. Introductory Sociology:
SOCIOL 1 or SOCIOL 3AC, or equivalent.

When and How to Declare the Major

Students must be accepted into and declared in the Social Welfare major in order to be eligible for enrollment in the introductory course SOC WEL 110. Because enrollment in SOC WEL 110 is restricted to majors, students should be declared by the time the pre-enrollment period begins ahead of the semester in which they plan to take SOC WEL 110.

Students may petition to declare the Social Welfare major as soon as they have completed the prerequisite entry requirements. Students who enter UC Berkeley as freshmen and intend to major in Social Welfare should complete prerequisites and declare the major as soon as possible. Past trends indicate a student should complete the prerequisites by the end of their 3rd semester to declare the major in a timely manner for graduation within eight semesters at Berkeley. All students must declare a major before the beginning of their Junior year, or the College of Letters and Science may block registration. Also, because Social Welfare is currently a high-demand major, all students must petition to declare the Social Welfare major by the time they have accrued 80 units, including work in progress (AP, IB, and college units earned before high school graduation are excluded from the 80-unit accrual total). Transfer students must declare a major by the start of their second semester at Berkeley, or the College of Letters & Science may block registration.

Students are eligible to submit the Petition to Declare e-Form once they have satisfied all of the prerequisite entry requirements and received a letter grade for each course. Petitions must include unofficial transcripts and a 4-year program plan indicating how the applicant intends to complete the major requirements by their expected graduation date. For assistance with program planning, please make plans to meet with a major advisor or attend an information session. Incomplete applications will not be considered.

Degree Requirements

To earn the Bachelor of Arts degree in Social Welfare, students must satisfy all requirements of the University of California, the Berkeley campus and the College of Letters & Science (see College Requirements tab), in addition to the requirements for the Social Welfare major.

Social Welfare majors must complete four required upper division social welfare courses and a minimum of five approved social science electives, totaling at least 18 units, from other departments.
All courses used to fulfill major requirements must be taken for a letter grade. In order to graduate, Social Welfare majors must earn a minimum 2.0 GPA in all courses taken to fulfill major requirements.

**Upper Division Core Course Requirements**

**Required Core Courses**
- SOC WEL 110 Social Work As a Profession 3
- SOC WEL 112 Social Welfare Policy 3
- SOC WEL 114 Practice in Social Work 3
- SOC WEL 116 Current Topics in Social Welfare (or Approved Upper-Division or Graduate Course in Social Welfare) 2

**Social Science Electives**
Select a minimum of five approved, upper-division social science electives, totaling at least 18 units (see below)

**Social Science Electives**
All Social Welfare majors must complete 5 approved electives that will total a minimum of 18 units. All social sciences elective courses used to fulfill this requirement for the Social Welfare B.A. major must be selected from the following Master List of Approved Social Sciences Courses for Social Welfare Majors. There are no restrictions on what departments may be chosen from the Master List, except that at least 3 elective courses MUST come from the Primary Social Sciences. The remaining two electives may come from either the Primary or Secondary Social Sciences.

Supplemental Elective Units 
Students who choose five social science electives which do not total 18 units will need additional coursework to supplement the five electives. 
Supplemental units can be chosen from the approved courses in either a primary or a secondary social science department, from elective Social Welfare coursework, group study, or community service units. Courses for supplemental units may be taken on a Pass/No Pass basis. 

College of Letters & Science 
Requirements 
The Social Welfare B.A. major is under the jurisdiction of the College of Letters & Science (L&S), which is the degree-granting college. 

Undergraduate students must fulfill the following requirements in addition to those required by their major program.
For detailed lists of courses that fulfill college requirements, please review the College of Letters & Sciences (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/) page in this Guide. For College advising appointments, please visit the L&S Advising (https://lsadvising.berkeley.edu/home/) Pages.

**University of California Requirements**

**Entry Level Writing** (http://writing.berkeley.edu/node/78/)

All students who will enter the University of California as freshmen must demonstrate their command of the English language by fulfilling the Entry Level Writing requirement. Fulfillment of this requirement is also a prerequisite to enrollment in all reading and composition courses at UC Berkeley.

American History and American Institutions (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/american-history-institutions-requirement/)

The American History and Institutions requirements are based on the principle that a US resident graduated from an American university, should have an understanding of the history and governmental institutions of the United States.

**Berkeley Campus Requirement**

American Cultures (http://americancultures.berkeley.edu/students/courses/)

All undergraduate students at Cal need to take and pass this course in order to graduate. The requirement offers an exciting intellectual environment centered on the study of race, ethnicity and culture of the United States. AC courses offer students opportunities to be part of research-led, highly accomplished teaching environments, grappling with the complexity of American Culture.

**College of Letters & Science Essential Skills Requirements**

Quantitative Reasoning (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/quantitative-reasoning-requirement/)

The Quantitative Reasoning requirement is designed to ensure that students graduate with basic understanding and competency in math, statistics, or computer science. The requirement may be satisfied by exam or by taking an approved course.

Foreign Language (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/foreign-language-requirement/)

The Foreign Language requirement may be satisfied by demonstrating proficiency in reading comprehension, writing, and conversation in a foreign language equivalent to the second semester college level, either by passing an exam or by completing approved course work.

Reading and Composition (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/reading-composition-requirement/)

In order to provide a solid foundation in reading, writing, and critical thinking the College requires two semesters of lower division work in composition in sequence. Students must complete parts A & B reading and composition courses by the end of their second semester and a second-level course by the end of their fourth semester.

**College of Letters & Science 7 Course Breadth Requirements**

Breadth Requirements (http://guide.berkeley.edu/undergraduate/colleges-schools/letters-science/#breadthrequirementstext)

The undergraduate breadth requirements provide Berkeley students with a rich and varied educational experience outside of their major program. As the foundation of a liberal arts education, breadth courses give students a view into the intellectual life of the University while introducing them to a multitude of perspectives and approaches to research and scholarship. Engaging students in new disciplines and with peers from other majors, the breadth experience strengthens interdisciplinary connections and context that prepares Berkeley graduates to understand and solve the complex issues of their day.

**Unit Requirements**

- 120 total units
- Of the 120 units, 36 must be upper division units
- Of the 36 upper division units, 6 must be taken in courses offered outside your major department

**Residence Requirements**

For units to be considered in "residence," you must be registered in courses on the Berkeley campus as a student in the College of Letters & Science. Most students automatically fulfill the residence requirement by attending classes here for four years. In general, there is no need to be concerned about this requirement, unless you go abroad for a semester or year or want to take courses at another institution or through UC Extension during your senior year. In these cases, you should make an appointment to meet an adviser to determine how you can meet the Senior Residence Requirement.

Note: Courses taken through UC Extension do not count toward residence.

**Senior Residence Requirement**

After you become a senior (with 90 semester units earned toward your BA degree), you must complete at least 24 of the remaining 30 units in residence in at least two semesters. To count as residence, a semester must consist of at least 6 passed units. Intercampus Visitor, EAP, and UC Berkeley-Washington Program (UCDC) units are excluded.

You may use a Berkeley Summer Session to satisfy one semester of the Senior Residence requirement, provided that you successfully complete 6 units of course work in the Summer Session and that you have been enrolled previously in the college.

**Modified Senior Residence Requirement**

Participants in the UC Education Abroad Program (EAP), Berkeley Summer Abroad, or the UC Berkeley Washington Program (UCDC) may meet a Modified Senior Residence requirement by completing 24 (excluding EAP) of their final 60 semester units in residence. At least 12 of these 24 units must be completed after you have completed 90 units.

**Upper Division Residence Requirement**

You must complete in residence a minimum of 18 units of upper division courses (excluding UCEAP units), 12 of which must satisfy the requirements for your major.

Major Maps help undergraduate students discover academic, co-curricular, and discovery opportunities at UC Berkeley based on intended
major or field of interest. Developed by the Division of Undergraduate Education in collaboration with academic departments, these experience maps will help you:

- **Explore** your major and gain a better understanding of your field of study
- **Connect** with people and programs that inspire and sustain your creativity, drive, curiosity and success
- **Discover** opportunities for independent inquiry, enterprise, and creative expression
- **Engage** locally and globally to broaden your perspectives and change the world
- **Reflect** on your academic career and prepare for life after Berkeley

Use the major map below as a guide to planning your undergraduate journey and designing your own unique Berkeley experience.

View the Social Welfare Major Map PDF. ([https://vcue.berkeley.edu/sites/default/files/social_welfare.pdf](https://vcue.berkeley.edu/sites/default/files/social_welfare.pdf))

**Berkeley Connect in Social Welfare**

Berkeley Social Welfare is a participating department in the Berkeley Connect ([http://www.berkeleyconnect.berkeley.edu](http://www.berkeleyconnect.berkeley.edu)) academic mentoring program for undergraduate majors. Undergraduate students are paired with a graduate student mentor from the Social Welfare doctoral program. Participants are grouped by declared or intended major to allow students to discover mutual academic interests. Over the course of a semester, enrolled students participate in regular small-group discussions facilitated by a graduate student mentor (following a faculty-directed curriculum), meet with their graduate student mentor for one-on-one advising, attend lectures and panel discussions featuring department faculty and alumni, and go on field trips to campus resources.

**Social Welfare Undergraduate Honors Program**

The honors program in social welfare provides an opportunity for qualified undergraduates to investigate thoroughly an area of interest, to work closely with a faculty member, and to produce a paper of some magnitude. Students who meet the eligibility requirements, which include a 3.5 grade point average (GPA) overall and in the major core courses, and completion of SOC WEL 110, are invited to apply to the Senior Honors Program. Selected students enroll in the Senior Honors Course (SOC WEL H195) in their senior year. The fall H195 (one unit) is a two-hour biweekly seminar addressing topic identification, library research, and the preparation of an annotated bibliography and essay prospectus. The spring H195 (one to three units) is an individual tutorial in which students prepare the honors thesis essay under the supervision of a faculty adviser.

**SOC WEL 10 An Introduction to American Social Welfare in World Context 2 Units**

Terms offered: Summer 2013 Second 6 Week Session, Summer 2012 Second 6 Week Session, Summer 2011 Second 6 Week Session

This course will consider the U.S. social welfare system in comparison with systems in other parts of the world, including Japan, Mexico, and the United Kingdom. It will examine the history and role of "welfare," "the welfare state," and the social work profession in the U.S. and in other countries and will consider key issues in contemporary social work practice. Topics such as discrimination, economic deprivation, and oppression and their effects on people of color, women, and gay and lesbian people will be highlighted.

SOC WEL 105 Introduction to Child Welfare in California and the U.S. 2 Units

Terms offered: Summer 2021 Second 6 Week Session, Summer 2020 Second 6 Week Session, Summer 2019 Second 6 Week Session

This course introduces students to the purpose, functions, and programs of the public child welfare system in the United States, with a particular focus on California, in a historical context, and with an emphasis on social justice and diversity concerns in policy-making and service delivery.

The course explores U.S. child welfare history/historical traumas, cultural and diversity issues, ethical considerations, mandated reporting of suspected child maltreatment, family and kinship supports, allied community services, causes for child removals and returns to families, judicial involvement, sibling-group placements, foster care, emancipation from the system, first-person guest speaker accounts, and policy-level interventions.

SOC WEL 114 Practice in Social Work 3 Units
Terms offered: Fall 2021, Spring 2021, Fall 2020
This course introduces students to basic social work practice skills through the generalist intervention model. Both direct and indirect practice methods are introduced. Students are exposed to both theory and research that informs understanding of client system's strengths, problem development, and intervention. Biophysical, psychological, environmental, social, and cultural contributions to effective and ethical social work assessment and intervention with individuals, families, and communities experiencing a range of challenges will be examined. Requires concurrent enrollment in discussion section.

SOC WEL 150L Sexuality and Social Work 2 Units
Terms offered: Summer 2020 Second 6 Week Session, Summer 2016 10 Week Session, Summer 2015 First 6 Week Session
This course introduces the developmental, psychological and environmental issues related to sexuality at different stages in life, and in different social service venues. It includes an introduction to the strengths perspective, exploration of heterosexist aspects of society, policies related to a person’s sexuality and gender, and ethics and diversity issues often arising in work with sexual minorities. Variability within sexual culture is addressed, introducing students to the strengths of the LGBT community, the experience of growing up and discovering sexuality, and how research and practice models define homosexuality in relation to human sexuality and development. Issues of sexuality in specific social work settings are addressed.

Subject/Course Level: Social Welfare/Undergraduate
Grading/Final exam status: Letter grade. Final exam required.

SOC WEL 181 Social Science and Crime Prevention Policy 3 Units
Terms offered: Spring 2017, Spring 2016
In this interdisciplinary course students examine the relationships among social science, law, and crime prevention policy. Emphasis is placed on how psychological science (clinical, developmental, social) can inform decisions about individuals at high risk for repeated involvement in the juvenile and criminal justice systems. Topics of focus include risk assessment, adolescent development and juvenile justice, and prevention/intervention/correctional psychology. Students will have an opportunity to master a specific problem area. Broadly, goals are for students to a) become comfortable in translating crime prevention problems into social scientific questions, and b) specifically understand how research findings can inform law and policy.
Social Science and Crime Prevention Policy: Read More [+]

SOC WEL 186 Domestic Violence 2 Units
Terms offered: Summer 2021 First 6 Week Session, Summer 2020 First 6 Week Session, Summer 2019 First 6 Week Session
This course will investigate the phenomenon of domestic violence in the United States from historical, psychological, sociological, anthropological, legal, feminist, and cross-cultural perspectives. We will study the impact this social problem has on families, relevant theories of causation, the merits of related services and interventions, and the experiences of diverse populations.
