Engineering Science

Overview
The undergraduate Engineering Science Program is multidisciplinary and interdisciplinary. The majors consist of closely related fields in the natural sciences, mathematics, physics, and engineering. The majors offered within the Engineering Science Program prepare students especially for advanced graduate study in engineering or the natural sciences. The four engineering science majors are Energy Engineering, Engineering Mathematics and Statistics, Engineering Physics, and Environmental Engineering Science.

There are no graduate degrees offered through this program.

Undergraduate Programs
Energy Engineering (https://guide.berkeley.edu/undergraduate/degree-programs/energy-engineering/): BS, Minor
Engineering Physics (https://guide.berkeley.edu/undergraduate/degree-programs/engineering-physics/): BS
Environmental Engineering Science (https://guide.berkeley.edu/undergraduate/degree-programs/environmental-engineering-science/): BS

Graduate Program
There is no graduate program in the Engineering Science Program.
